🎓 Experienced Tutor | University of Oxford | MSc in Computer Science

I hold an MSc in Computer Science from the University of Oxford and a BSc in Software Engineering from Imperial College London. With 15 years of experience, I specialise in A-Level and IGCSE Computer Science, helping students excel in programming, algorithms, and data structures.

Teaches: A-Level Computer Science IGCSE Computer Science

GCSE Computer Science

Curriculum: A-Level GCSE IGCSE

Qualifications

University of Oxford: MSc in Computer Science (2005–2007)

Imperial College London: BSc in Software Engineering (2001–2005)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past 15 years, I've guided students through A-Level and GCSE Computer Science, covering exam boards like Edexcel, AQA, and OCR. My experience spans a wide age range, from early learners to adult professionals, all benefiting from tailored support in programming, algorithms, and systems analysis.

I am well-versed in the technical demands of A-Level Computer Science, offering insights into coding languages like Python, Java, and C++. Many of my students have achieved top scores, with some pursuing computer science degrees at prestigious universities. My goal is to foster a deep understanding of concepts, from basic logic to complex programming tasks.

Additionally, I've had success working with both high-achieving students and those needing extra support, including learners with dyslexia and ADHD. My tutoring not only prepares students for exams but also equips them with practical skills that are invaluable in the evolving tech landscape.
