

Experienced Tutor | ETH Zurich | MSc in Advanced Mathematics

With an MSc in Advanced Mathematics from ETH Zurich and a BSc in Mathematics from the University of Geneva, I have 15 years of expertise in A-Level Further Maths, IB Mathematics, and AP Calculus, supporting students across three continents.

Teaches: A-Level Maths A-Level Further Maths IB Maths IGCSE Maths

AP Calculus

Curriculum: A-Level IB IGCSE AP

Qualifications

ETH Zurich: MSc in Advanced Mathematics (2006-

2008)

University of Geneva: BSc in Mathematics (2002-

2006)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. They have extensive tutoring experience with a track record of success, helping students achieve their academic goals.

Tutoring Experience

Over the past 15 years, I've worked with students from a wide range of educational backgrounds, guiding them through challenging topics in A-Level Further Maths, IB Mathematics HL, and AP Calculus. My focus has been on providing clarity in complex areas like calculus, probability, and linear algebra.

In addition to private tutoring, I have collaborated with international schools and universities to support students in rigorous exam preparations, including IB assessments and Olympiad-level challenges. My experience has allowed me to work with learners from various regions, helping them secure placements in prestigious universities worldwide.

Beyond one-on-one teaching, I have contributed to curriculum development for advanced mathematics courses, creating accessible and engaging resources for international curricula. This work has equipped students with a strong mathematical foundation and problem-solving skills applicable to diverse academic and professional pursuits.
